The Ship Inn is based on the B1264 to Yarm, but gets its name from a strange 18th-century development. The Peirse brothers tried for over 50 years to make Low Worsall a port on the River Tees. Ships would travel in from Portugal and Norway but due to the rivers meandering nature, the ships had to be pulled or tracked by men. This was a grueling job and the navigators needed somewhere to refresh themselves and that is how The Ship Inn was Born.
